

Utah Community Fire Planning

E. Bridges, Gates, Culverts, other

- i. All bridges support emergency equipment.
- ii. Most gates provide easy access to emergency equipment.
- iii. All culverts are easily crossed by emergency equipment.

F. Utilities

- i. Telephone service is both below and above ground.

Provided by: South Central Telephone number: (888) 826-4211

- ii. Electrical service is both below and above ground.

Provided by: Enterprise City Telephone number: 878-2221
Unincorporated areas- Rocky Mountain # 1-888-221-7070

- iii. Are there homes/structures utilizing propane? Yes

If yes: Most of those propane tanks are above ground

If some are above ground: 0 % are marked with a flag or by other highly visible means

List locations of those propane tanks above ground:

--

- iv. Are there homes/structures utilizing natural gas? Yes

- v. Primary water sources

Approximately 80 % of homes use central water system.

Approximately 4 % of homes use individual wells.

Approximately 16 % of homes have additional private water source.

Water provided by: Enterprise City Telephone number: 878-2221

Utah Community Fire Planning

PART II: COMMUNITY PRESCRIPTION

1. Goals of Plan

** The Healthy Forest Restoration Act of 2003 is a federal act that gives priorities to projects identified in a community fire plan. When communities identify fuel mitigation projects on adjacent public lands that would increase the likelihood of the community's wellbeing, this allows the federal agencies to plan, process and implement projects on these public lands in an expedited manner.

GOALS/PURPOSE OF PLAN

- A. Enterprise City will decrease fuels within the community to reduce wildfire intensity and impact in and around the community.
- B. Enterprise City will work with county, state and federal fire officials to decrease fuels on adjacent public lands to reduce wildfire intensity and impact in and around the community
- C. Enterprise City will evaluate, upgrade and maintain community wildfire preparation and response facilities and equipment.
- D. Enterprise City will help educate community members to prepare for and respond to wildfire.
- E. Enterprise City will develop and implement a comprehensive emergency response plan.
- F. Enterprise City will actively address identified regulative issues impacting community wildfire prevention and response needs.
- G. Enterprise City will regularly evaluate, update and maintain planning commitments.

Goal A: Enterprise will decrease fuels within the community to reduce wildfire impact in and around the community.

Action(s):	Timeline:	Responsible Party:	Priority:
Enterprise Fire Safe Council will educate the Community. Educational campaign <ul style="list-style-type: none"> ● Information meetings, brochures, individual assessment procedure, video ● Tape check out by librarian. ● Group purchases of services, ie. Hauling, cutting, chipping, roofing ● School & Youth community service projects ● Fuel break considerations ● Service organization clean-up projects ● Community roadside cutting, spraying, reseeding project discussions Enterprise Fire Safe Council will review the Infrastructure Evaluation Enterprise Fire Safe Council will provide a Fuels Reduction Plan.	Fall 2015	Enterprise City Fire Council Enterprise Fire Department	High
