Did the signature audit reveal any inconsistencies between a signature's initial verification and the audit?  
 Yes  No (*\*If YES, please attach an explanation of any inconsistencies*)

# 2026 Canvass - Audit Certification Report

## Clerk Certification – to be completed before the canvass

Yes  No I certify that the audits described above were conducted according to the audit policy. This includes ensuring that all election workers and auditors completed the required training, were sworn in, and that each auditor signed an affidavit created by the clerk for the work they audited.

Yes  No I certify that I have reviewed the number of vote histories recorded in VISTA and they closely match the number of ballots counted in my county during this election. This number should be zero, or close to zero. Corrections should be made to ballots or voter records PRIOR to canvassing results.

Number of ballots counted: 27,716

Number of vote histories: 27,717

Difference: 1

Explain any differences: The one (1) additional vote history is due to an issue discovered at opening. The wrong ballot was in the envelope, however, staff could not determine which envelope the wrong ballot was from. The ballot was removed as uncountable; vote history was not touched.

Yes  No I certify that I have properly maintained chain of custody controls as outlined in 20A-3a-401.1 and Rule 623-8.

Yes  No I certify that I have properly maintained the voter list in accordance with state and federal laws (20A-3a-404(2) and Rule 623-10).

Yes  No I complied with the requirements of the software validation rule R623-7: "before using any voting equipment, and before each election, the election officer shall verify that the firmware version on any voting equipment matches the firmware version that is certified by the EAC."

County Clerk Signature: \_\_\_\_\_

Date: \_\_\_\_\_
